LEADER

IN PET FOOD

MANUFACTURING

Our factory

Spanning over 40 acres of land in Nakhonpathom, Thailand, our facilities consist of three specialized factories dedicated to producing a comprehensive range of pet food products. With two factories specifically focused on dry food production and one dedicated to wet food and treats, we have the capability to meet diverse customer needs. Powered by Wenger machinery and an automated system controlled by SCADA technology, our production processes are optimized for efficiency and precision.

Our *Commitments*

For The Future Generations

Ethical Raw Materials Sourcing

We carefully select suppliers for raw materials who adhere to strict ethical standards, ensuring the ingredients we use are responsibly sourced.

Circular Economy

Our factory and production process are designed to minimize waste, ensuring it remains consistently below 1%. But our journey towards sustainability doesn't end there. We are continuously striving to achieve a truly closed-loop system.

Giving Back to the Society

We prioritize local community engagement by hiring locally. We also support hospitals and schools with medical and educational resources as well as and actively supporting events that occur around our plant.
